

# VISUAL FLOWSHEET FOR PHYSICIANS

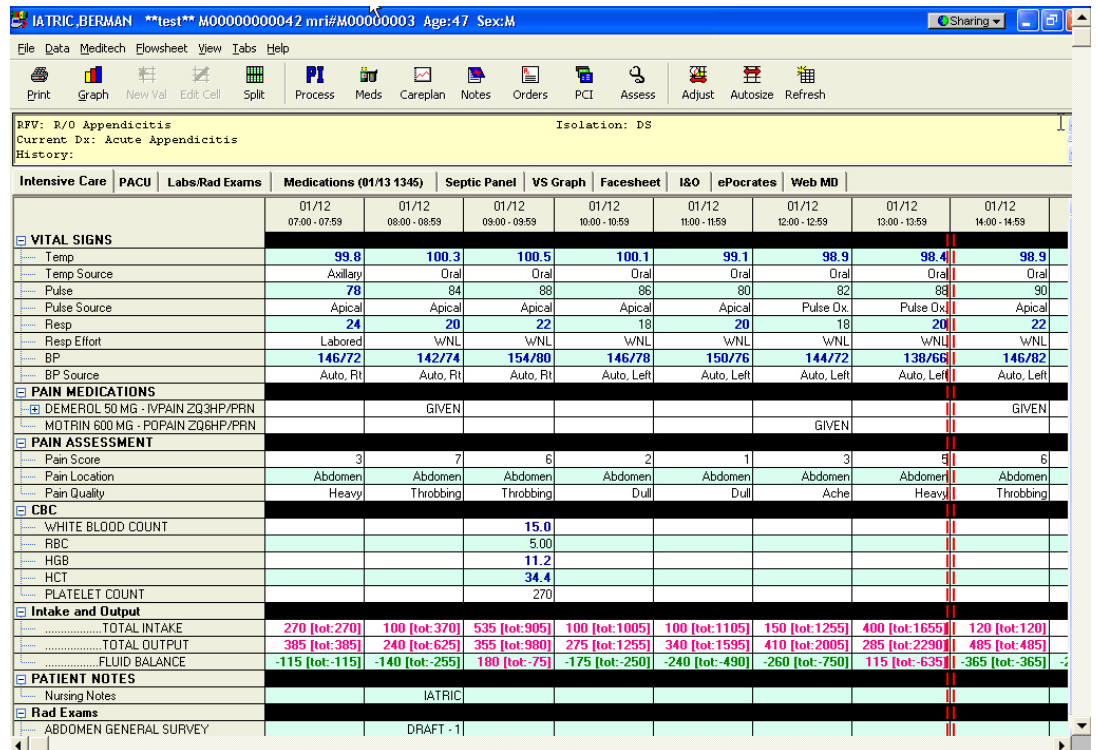

Turning MEDITECH Data into Usable Clinical Information

**VFMD** (Visual FlowSheet for Physicians) presents MEDITECH data from diverse clinical applications into a windows based clinical flowsheet format. VFMD is the easiest way to access real-time patient information. Point, click, assess, and treat. VFMD takes the challenge out of using your healthcare information system, allowing you to focus on the patient.

VFMD provides:

- Easy access to clinical results from Lab, Blood Bank, Pathology, Nursing, Radiology and Pharmacy.
- Fast and Effective Navigation
- Physician defined Graphing / Trending
- Simple data presentation
- Painless chart re-configuration
