

PACS INTERFACE SUITE

Cost-Effective PACS System Integration with Meditech™

Iatric Systems is well known in the Meditech marketplace for its expertise in systems integration. We've successfully interfaced Meditech to over 120 different "other vendor" software systems, and we add more systems to that list every month. Over the past few years, Iatric Systems has implemented **PACS interfaces** at over 35 hospitals and health systems operating the Meditech HCIS.

Why Use Iatric Systems to Interface Your PACS System to Meditech?

- ✓ Faster implementation turnaround times
- ✓ Ability to backload historical data
- ✓ Ability to integrate with virtually any PACS vendor (FUJI, GE, Phillips, Amicas, Mitra PACS Broker, etc.)
- ✓ Flexibility in interface specifications
- ✓ Programmers who work directly with your PACS vendor so you save time
- ✓ More affordable price

Our **PACS Interface Suite** is available for both MAGIC and Client/Server sites. It includes several components, and hospitals can select only the component(s) necessary:

- ✓ ADT (Admission, Discharge, Transfer data) to PACS system
- ✓ OE, RAD or ITS orders (HL7 "ORM") to PACS system
- ✓ RAD, DPT or ITS reports (HL7 "ORU") to PACS system
- ✓ Integrated voice recognition reports from PACS system to RAD, DPT or ITS
- ✓ Status updates from PACS to RAD or ITS
- ✓ PCI Viewer Launch (MAGIC sites only)
- ✓ Backload of historical data
