

MDACCESS

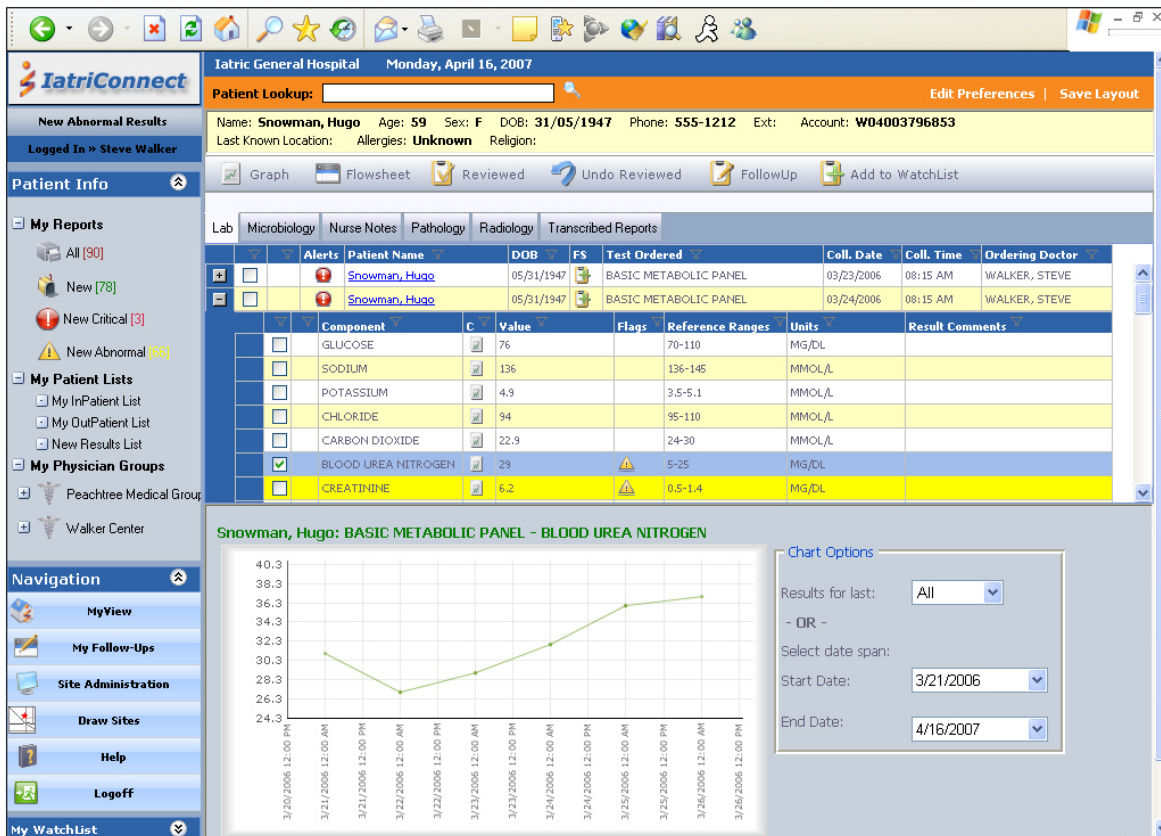

Physician Office Portal

MDAccess is a cost effective, secure method of viewing a hospital's MEDITECH patient results via the Internet. Do some physicians lack EMR software at their practices? Do physicians ever request a more customized view of patient results? MDAccess addresses these needs.

MDAccess also helps hospitals compete with commercial laboratories by enabling physicians to access hospital lab results online at their practices. Equally important, as a result of its design, MDAccess assists with Business Continuity by providing patient data during MEDITECH downtimes.

Key Advantages and Features:

- ✓ Specifically designed for physician offices that currently do not have an EMR system
- ✓ Provides easy access to hospital lab results, radiology reports, nursing notes, vital signs, etc.
- ✓ Allows physicians to track patients and mark results for follow-up
- ✓ Allows each physician to modify the dashboard to view results in a customized fashion
- ✓ Enables hospitals to compete with commercial laboratories and provide Business Continuity during HIS downtimes
- ✓ Cost effective, web-enabled and secure

MDAccess is part of the **IatricConnect** suite of applications.
